PLANT STRENGTH

As a supplement to normal fertilization, **Largo** contains beneficial amounts of major and secondary nutrients. The addition of **Carbon N** with **Carbon Power** technology supplies additional nitrogen, creating a very efficient and economical fairway spray compatible with growth regulation programs.

Rooted in Science

Largo is a premium quality nutrient compound which supplements sound nutritional practices to promote health and quality in fine turfgrasses. The ingredients in **Largo** are uniquely formulated to address the demands of sod farms, lawns, parks, golf course fairways, and other managed turf areas where height of cut exceeds 1 cm (½”).

Largo combines essential major and micronutrients with a patented blend of naturally occurring plant extracts.
