LIQUID SOIL CONDITIONER

ZENITH

Directions for Use:

A liquid soil conditioner that improves soil structure, aggregation, and nutrient uptake. Zenith contains modified humates, a complexing agent that makes soil nutrients readily accessible to plants. Turf grasses have an abundance of organic material, which results in complex interactions between the roots and soil microbes. As a result of Zenith's energy source, microbes are able to oxidize available organic carbon in the soil and use it for energy. Recycled thatch and mat create a more friable layer, allowing water to pass through more freely and flushing sulphur buildup, i.e. Black Layer. Soil CEC levels will be improved by Zenith. Microbes in soil break down thatch, increasing humic acid activity and releasing nutrients.

Application Details:

Situation	Rate/Ha	Comments
Initial Application: High Cut Turf (e.g. sportsfields, racetracks and fairways)	20 - 40 L	Apply at 4-8 week intervals or as recommended by your Territory Manager.
Maintenance Application: High Cut Turf	10 - 20 L	
Initial Application: Fine Cut Turf (e.g. golf and bowling greens)	20 - 40 L	
Maintenance Application: Fine Cut Turf	10 - 40 L	

Mixing:

Apply Zenith as part of a balanced soil nutrition program throughout the year. Apply in a minimum of 200L water per hectare and follow with 4-6mm irrigation. Do not apply when temperatures exceed 30°C.

Storage, handling & disposal:

Do not store below -50°C, as crystallisation may occur. Do not contaminate lakes, streams, dams or ponds by cleaning equipment or disposal of waste. Avoid contact with eyes and skin by wearing appropriate protective equipment, such as gloves, boots and safety goggles.

First aid:

In case of contact with eyes or skin, flush at once with large amounts of water. If irritation persists, seek medical attention. If swallowed, drink large amounts of water and induce vomiting. Seek medical attention

Condition of sale:

Turfcare shall not be liable for any loss, injury damage or death whether consequential or otherwise whatsoever, or howsoever arising whether through negligence or otherwise in connection with the sole, supply, use or application of this product.
