SAFETY DATA SHEET

TPW RAPIDPRO

Infosafe No.:X01GT
Version No.:2.0
ISSUED Date :11/11/2021
ISSUED by:DKSH AGRISOLUTIONS PTY LTD

Section 1 -Identification

Product Identifier
TPW RAPIDPRO

Product Code
140012186

Company Name
DKSH AGRISOLUTIONS PTY LTD

Address
Level 3,35 Cotham Road,Kew,Victoria 3101
AUSTRALIA

Telephone/Fax Number
Telephone:+61 3 9720 6306 Fax number:+61 3 9720 6407

Emergency Phone Number
1800 638 556

E-mail Address
regaffairs.anz@dksh.com

Recommended use of the chemical and restrictions on use
A tank mix adjuvant to improve wetting and spreading of pesticides.

Section 2 -Hazard(s)Identification

GHS classification of the substance/mixture
Classified as Hazardous according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS)including Work,Health and Safety Regulations,Australia.
Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.(7th edition)
Acute toxicity:Category 4 -Oral
Skin corrosion/irritation:Category 2
Eye damage/irritation:Category 1

Signal Word (s)
DANGER

Hazard Statement (s)
H302 Harmful if swallowed.
H315 Causes skin irritation.
H318 Causes serious eye damage.

Pictogram (s)
Corrosion,Exclamation mark

Precautionary Statement –Prevention
P264 Wash skin thoroughly after handling.
P270 Do not eat,drink or smoke when using this product.
P280 Wear protective gloves/protective clothing/eye protection/face protection/hearing protection.

Precautionary Statement –Response
P310 Immediately call a POISON CENTER/doctor.
P301+P312 IF SWALLOWED:Call a POISON CENTER/doctor if you feel unwell.
P330 Rinse mouth.
P302+P352 IF ON SKIN:Wash with plenty of water.
P332+P313 If skin irritation occurs:Get medical advice/attention.
P362+P364 Take off contaminated clothing and wash it before reuse.
P305+P351+P338 IF IN EYES:Rinse cautiously with water for several minutes.Remove contact lenses,if present and easy to do. Continue rinsing.

Precautionary Statement –Disposal
P501 Dispose of contents/container to an approved waste disposal plant.

Section 3 -Composition and Information on Ingredients

Ingredients

Name	CAS	Proportion
Oxirane Methyl, Polymer With Oxirane	9003-11-6	20-40 %
Alcohols, C11-14-iso-, C13-rich, ethoxylated	78330-21-9	10-<20 %
Poly(oxy-1,2-ethanediyl), alpha-(4-nonylphenyl)-omega-hydroxy-, branched	127087-87-0	1-<10 %
9-Octadecenoic acid,(Z) -	112-80-1	1-<5 %
Ingredients determined not to be hazardous		Balance

Section 4 -First Aid Measures

Inhalation
If inhaled,remove affected person from contaminated area.Keep at rest until recovered.If symptoms develop and/or persist seek medical attention.

Ingestion
Do not induce vomiting.Wash out mouth thoroughly with water.Seek immediate medical attention.

Skin
Remove all contaminated clothing immediately.Wash affected area thoroughly with soap and water.Wash contaminated clothing before reuse or discard.Seek medical attention.

Eye
If in eyes,hold eyelids apart and flush the eyes continuously with running water.Remove contact lenses.Continue flushing until advised to stop by the Poisons Information Centre or a doctor,or for at least 15 minutes.Seek immediate medical attention.

First Aid Facilities
Eyewash,safety shower and normal washroom facilities.

Advice to Doctor
Treat symptomatically.

Other Information
For advice in an emergency,contact a Poisons Information Centre or a doctor at once.(131 126)

Section 5 -Firefighting Measures

Suitable Extinguishing Media
Carbon dioxide,dry chemical or foam.

Hazards from Combustion Products
Under fire conditions this product may emit toxic and/or irritating fumes,smoke and gases including carbon monoxide,carbon dioxide and oxides of nitrogen.

Specific hazards arising from the chemical
This product will burn if exposed to fire.

Decomposition Temperature
Not available

Precautions in connection with Fire
Fire fighters should wear Self-Contained Breathing Apparatus (SCBA)operated in positive pressure mode and full protective clothing to prevent exposure to vapours or fumes.Water spray may be used to cool down heat-exposed containers.Fight fire from safe location.This product should be prevented from entering drains and watercourses.

Section 6 -Accidental Release Measures

Emergency Procedures
Wear appropriate personal protective equipment and clothing to prevent exposure.Extinguish or remove all sources of ignition and stop leak if safe to do so.Increase ventilation.Evacuate all unprotected personnel.If possible contain the spill.Place inert absorbent, non-combustible material onto spillage.Use clean non-sparking tools to collect the material and place into suitable labelled containers for subsequent recycling or disposal.Dispose of waste according to the applicable local and national regulations.If contamination of sewers or waterways occurs inform the local water and waste management authorities in accordance with local regulations.

Section 7 -Handling and Storage

Precautions for Safe Handling
Avoid inhalation of vapours and mists,and skin or eye contact.Use only in a well ventilated area.Keep containers sealed when not in use.Prevent the build up of mists or vapours in the work atmosphere.Do not use near ignition sources.Do not pressurise,cut,heat or weld containers as they may contain hazardous residues.Maintain high standards of personal hygiene i.e.washing hands prior to eating,drinking,smoking or using toilet facilities.

Conditions for safe storage,including any incompatibilities
Store in a cool,dry,well-ventilated area away from sources of ignition,foodstuffs,clothing and incompatible materials such as oxidising agents.Keep containers closed when not in use,securely sealed and protected against physical damage.Inspect regularly for deficiencies such as damage or leaks.Have appropriate fire extinguishers available in and near the storage area.Take precautions against static electricity discharges.Use proper grounding procedures.Ensure that storage conditions comply with applicable local and national regulations.
For information on the design of the storeroom,reference should be made to Australian Standard AS1940 -The storage and handling of flammable and combustible liquids.

Storage Regulations
Classified as a Class C2 (COMBUSTIBLE LIQUID)for the purpose of storage and handling,in accordance with the requirements of AS1940 2017.

Section 8 -Exposure Controls and Personal Protection

Occupational exposure limit values
No Exposure Limit Established

Biological Monitoring
No biological limits allocated.

Control Banding
Not available

Engineering Controls
This substance is hazardous and should be used with a local exhaust ventilation system,drawing vapours away from workers' breathing zone.A flame-proof exhaust ventilation system is required.If the engineering controls are not sufficient to maintain concentrations of vapours/mists below the exposure standards,suitable respiratory protection must be worn.Refer to relevant regulations for further information concerning ventilation requirements.

Respiratory Protection
If engineering controls are not effective in controlling airborne exposure then an approved respirator with a replaceable vapor/mist filter should be used.Refer to relevant regulations for further information concerning respiratory protective requirements.
Reference should be made to Australian Standards AS/NZS 1715,Selection,Use and Maintenance of Respiratory Protective Devices; and AS/NZS 1716,Respiratory Protective Devices,in order to make any necessary changes for individual circumstances.

Eye and Face Protection
Safety glasses with full face shield should be used.Eye protection devices should conform to relevant regulations.
Eye protection should conform with Australian/New Zealand Standard AS/NZS 1337 (series)-Eye Protectors for Industrial Applications.

Hand Protection
Wear gloves of impervious material.Final choice of appropriate gloves will vary according to individual circumstances i.e.methods of handling or according to risk assessments undertaken.Occupational protective gloves should conform to relevant regulations.
Reference should be made to AS/NZS 2161.1:Occupational protective gloves -Selection,use and maintenance.

Thermal Hazards
No further relevant information available.

Body Protection
Suitable protective workwear,e.g.cotton overalls buttoned at neck and wrist is recommended.Chemical resistant apron is recommended where large quantities are handled.

Section 9 -Physical and Chemical Properties

Properties	Description	Properties	Description
Form	Liquid	**Appearance**	Clear liquid
Colour	Not available	**Odour**	Not available
Melting Point	Not available	**Boiling Point**	Not available
Decomposition Temperature	Not available	**Solubility in Water**	Dispersible
Specific Gravity	1.02	**pH**	6-8 (1% aqueous solution)
Vapour Pressure	Not available	**Relative Vapour Density (Air=1)**	Not available
Evaporation Rate	Not available	**Odour Threshold**	Not available
Viscosity	Refer to Section 9:Kinematic Viscosity and Dynamic Viscosity	**Volatile Component**	Not available
Partition Coefficient:n-octanol/ water (log value)	Not available	**Flash Point**	>150 °C (Open Cup)
Flammability	Not flammable	**Auto-Ignition Temperature**	Not available
Flammable Limits -Lower	Not available	**Flammable Limits -Upper**	Not available
Explosion Properties	Not available	**Oxidising Properties**	Not available
Kinematic Viscosity	Not available	**Dynamic Viscosity**	Not available

Section 10 -Stability and Reactivity

Reactivity
Refer to Section 10:Possibility of hazardous reactions

Chemical Stability
Stable under normal conditions of storage and handling.

Possibility of hazardous reactions
Reacts with incompatible materials.

Conditions to Avoid
Heat,open flames and other sources of ignition.

Incompatible Materials
Strong oxidising agents.

Hazardous Decomposition Products
Thermal decomposition may result in the release of toxic and/or irritating fumes including:carbon monoxide and carbon dioxide.

Hazardous Polymerization
Not available

Section 11 -Toxicological Information

Toxicology Information
No toxicity data available for this material.

Ingestion
Harmful if swallowed.Ingestion of this product may cause irritation to the mouth,throat,oesophagus and stomach with symptoms of nausea,abdominal discomfort,vomiting and diarrhoea.

Inhalation
Inhalation of product vapours may cause irritation of the nose,throat and respiratory system.

Skin
Causes skin irritation.Skin contact will cause redness,itching and swelling.Repeated exposure may cause skin dryness and cracking and may lead to dermatitis.

Eye
Causes serious eye damage.Eye contact will cause stinging,blurring,tearing,severe pain and possible burns,necrosis,permanent damage and blindness.

Respiratory Sensitisation
Not expected to be a respiratory sensitiser.

Skin Sensitisation
Not expected to be a skin sensitiser.

Germ Cell Mutagenicity
Not considered to be a mutagenic hazard.

Carcinogenicity
Not considered to be a carcinogenic hazard.

Reproductive Toxicity
Not considered to be toxic to reproduction.

STOT -Single Exposure
Not expected to cause toxicity to a specific target organ.

STOT -Repeated Exposure
Not expected to cause toxicity to a specific target organ.

Aspiration Hazard
Not expected to be an aspiration hazard.

Section 12 -Ecological Information

Ecotoxicity
No ecological data available for this material.

Persistence and degradability
Not available

Mobility
Not available

Bioaccumulative Potential
Not available

Other Adverse Effects
Not available

Environmental Protection
Prevent this material entering waterways,drains and sewers.

Hazardous to the Ozone Layer
This product is not expected to deplete the ozone layer.

Section 13 -Disposal Considerations

Disposal Considerations
The disposal of the spilled or waste material must be done in accordance with applicable local and national regulations.
To minimise personal exposure,refer to Section 8 -Exposure controls and personal protection.

Section 14 -Transport Information

Transport Information
Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail.(7th edition)
Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA)Dangerous Goods Regulations for transport by air.
Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code)for transport by sea.

ADG U.N.Number
None Allocated

None Allocated

IMDG Marine pollutant
No

Transport in Bulk
Not available

Section 15 -Regulatory Information

Regulatory Information
Classified as Hazardous according to the Globally Harmonised System of Classification and Labelling of Chemicals (GHS)including Work,Health and Safety Regulations,Australia.
Not classified as a Scheduled Poison according to the Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP).

Poisons Schedule
Not Scheduled

Australia (AICS/AIIC)
All components of this product are listed on the Inventory or exempted.

Montreal Protocol
Not Listed

Stockholm Convention
Not Listed

Rotterdam Convention
Not Listed

International Convention for the Prevention of Pollution from Ships (MARPOL)
Not available

Agricultural and Veterinary Chemicals Act 1994
Not available

Basel Convention
Not available

Global Inventory Status

Section 16 -Any Other Relevant Information

Date of Preparation
SDS Reviewed:November 2021,Supersedes:October 2016

IMPORTANT ADVICE:An SDS summarizes our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace.The information contained in this SDS is believed to be correct but is not guaranteed. Prior to using the product(s)referred to in this SDS,each user should read this SDS and consider the information in the context of how the product will be handled and used in the workplace,including its use in conjunction with other products.If clarification or further information is needed to ensure that an appropriate risk assessment can be made,the user should contact the supplier listed in section 1 of the SDS.Our responsibility for products sold is subject to our standard terms and conditions,a copy of which is sent to our customers and is also available on request.SST does not accept any other liability either directly or indirectly for any losses suffered in connection with the use and application of the product whether or not in accordance with any advice, specification,recommendation or information given by it.

SST SDS WARNING:SST is aware that third parties are distributing documents purporting to be SDSs (or the like)in relation to SST products without any authorisation from SST ("Unauthorised SDS").SST accepts no responsibility for the distribution of an Unauthorised SDS by a third party or for any information contained therein.All SST products must be used in accordance with the corresponding original and current SDS authorised by SST for use with that SST product ("Authorised SDS").In the event that an SDS in relation to an SST product has expired and is not marked as obsolete,please contact SST immediately to obtain a current SDS. Further,if an SST product is used without the Authorised SDS and/or with an Unauthorised SDS,or an expired SDS which is not marked obsolete,SST hereby excludes absolutely and to the maximum extent permitted by law all liability whatsoever and howsoever arising under contract,tort (including negligence)or otherwise for all loss and/or damage including,but not limited to,for personal injury,sickness or death,damage to real property and/or chattels and all indirect and consequential loss (including loss of profits).
