

TPG SPRING SUMMER 17-2-14 +Fe & Wetter

TPG Spring Summer 17-2-14 is a premium greens grade fertiliser.

TPG Spring Summer contains a great combination of premium nutrients and is ideally suited for use during renovation or as general maintenance throughout the year.

Contains 20% slowly available nitrogen as Methylene Urea.

Key Points:

- Promotes strong shoot density and recovery.
- Promotes plant roots and seedling maturity.
- Compound granules with a consistent SGN of 85 provides even nutrient distribution.
- Controlled release of nutrients for up to 8 weeks.

Compatibility:

Check with a qualified consultant prior to blending this product with other fertilisers. Note: This blend can be used to uniquely formulate a fertiliser to suit a specific need in any crop.

Application Rates:

Situation	Rate	Comments
Fine cut turf areas including golf greens, bowling greens and general amenity turf surfaces	2.5kg per 100m ² OR 250kg per ha	Apply to dry foliage. Water in after application with 5-6mm of irrigation. Apply at lower rates if temperature exceeds 30°C
