

ENHANCEMENT

REFLECTIVE COLOUR, ENHANCED APPEARANCE

Chromatic enhancement with improved coverage and adhesion.

Chromatic Plant Enhancement for Professional Turf

Solarous™ combines chromatic reflective ingredients with a concentrated surfactant system to improve leaf coverage and adhesion. Its natural green tone enhances presentation while helping protect turf during stress conditions.

Features and Benefits:

Chromatic Reflectance

Reflective ingredients help reduce exposure to ultraviolet radiation associated with plant stress. Research from North Carolina State University showed +15% UV reflection.

Coverage & Adhesion

The surfactant system improves distribution across the leaf surface and supports easier mixing and handling.

Natural Presentation

A distinctive green colour integrates cleanly with the appearance of maintained turf.

PACK SIZE 3.78L

Application Rate

Use	Rate per 100m ²	Min Water	Method
Turfgrass, Trees & Shrubs, Ornamentals	16-64 mL	470 L per ha	Shake well. Apply to dry plants and avoid conditions that favour drift. Minimise staining, wet nearby concrete and masonry before treatment and rinse immediately after application.

Areas of Use:

- Golf Courses
- Council Grounds
- Domestic
- Sports Grounds
- School Grounds
- Trees & Shrubs
- Ornamentals
